

## Student Ministry Scholarship Application

At LHBC we never want a student to not be able to participate in an event/trip due to monetary reasons. In order to make sure that does not happen, we provide both partial and full scholarships to events. We are providing this form as a way for you to apply for any financial assistance needed for your student to attend one of our events/trips.

- No scholarship will be given without a completed application.
- Completing the application does not guarantee any amount of scholarship.
- This is scholarship, not a “work program”.
- In the event that the scholarship is used and deemed non-refundable, and the individual backs out of the trip, the family is responsible to repay the amount.
- This application must be filled out by the parents or guardians of the individual child.
- Scholarship request will be viewed and decided upon by our youth ministry staff. Otherwise, it will be completely confidential.
- As a general rule, Scholarships cannot be used as a deposit but there may be cases where we will make an exception to this rule. Students will have fundraising opportunities for most events requiring a deposit.
- The Scholarship Application must be received by the registration deadline.
